Flying Fisherman® Introduces Buchanan Sunglasses for 2015

Islamorada, Florida Keys – Oct 2014. The *Buchanan* is one of several additions to the Flying Fisherman® 2015 Action Angler Eyewear Collection that offer serious fishability at an affordable price. Named after Buchanan Bank, a well-known fishing spot off Islamorada in the Florida Keys, the full-fit frame polycarbonate frame provides lightweight, wrap-around protection, co-injected temple pads and nose pads to prevent slipping, and AcuTint polarized lenses. "We expect the Buchanan to be a top seller for 2015", said Linda Sheldon, Flying Fisherman VP.

Available in November 2014, the *Buchanan* is offered in three frame/lens color options – Crystal Gunmetal with Smoke lenses, Crystal Gunmetal with Copper lenses and Matte Black with high contrast Yellow Amber lenses. All have Flying Fisherman®'s Polarized, AcuTint™ lens coloring system that eliminates glare and enhances color contrast without distorting natural colors. The enhanced visual sharpness and eye comfort adds to fishing productivity and maximizes the overall outdoors experience for anglers and water sports enthusiasts, and blocks 100% of harmful UV rays. MSRP is \$24.95, and includes a one year warranty.

More information on Flying Fisherman® products, along with customer testimonials, a dealer locator and more, are available at www.flyingfisherman.com.
