## **Flying Fisherman® Adds Sombrero Aviator Style**

*Islamorada, Florida Keys* – There is hardly a pair of sunglasses that evoke the word “classic” like Flying Fisherman®’s contribution to the aviator look...the new ***Sombrero***. Made with nickel silver frames they include Comfort Grip temple pads and adjustable nose pads for all-day wear. Our virtually indestructible, polycarbonate RhinoLens™ offers anglers complete eye protection from flying hooks, lures, sinkers and more, plus the Flying Fisherman® AcuTint™ lens coloring system for awesome clarity and polarized results on the water. ***Sombrero*** frame colors are Matte Gunmetal-Aqua with smoke lenses and Matte Copper-Coral with amber lenses. Classic looks with fishing functionality. MSRP is \$79.95 and includes a microfiber, drawstring case.

The Flying Fisherman® Polarized, AcuTint™ lens coloring system eliminates glare and enhances color contrast, without distorting natural colors. The enhanced visual sharpness and eye comfort adds to fishing productivity and maximizes the overall outdoors experience for anglers and water sports enthusiasts. More information on Flying Fisherman® products, along with testimonials, dealer locator and more, are available at [www.flyingfisherman.com](http://www.flyingfisherman.com).
