PASSPORT® RODS FOR THE TRAVELING ANGLER

Made from the finest quality materials and components available in the market today. PASSPORT® is offered in a variety of fly and spinning rods to maximize performance in salt or fresh water.

BORN ON THE WATER, MANUFACTURED WITH QUALITY AND TESTED WORLDWIDE

PASSPORT®'s durable cordura case easily fits inside most standard luggage and allows you to combine any two rods of your choice when using the foam inserts, or up to twelve rods without the foam inserts.

Build your own custom set or combine a spinner and a fly rod to cover all mother nature throws at you. If you travel, you need a PASSPORT®!

FEATURES

- Blank taper designed to improve sensitivity, strength and performance.
- Extraordinary high Modulus / high strain Japanese graphite with nano resin.
- High quality Portuguese cork for better gripping.
- Connections reinforced with carbon fibers.
- FUJI reel seat and FUJI and TX SIC guides.
- Durable, practical and stylish travel case.
