QUALITY, AFFORDABLE POLARIZED EYEWEAR

Family owned and operated, Flying Fisherman has been delivering quality, affordable polarized eyewear to fishing and outdoor enthusiasts for 40 years. Born in the Florida Keys, where the sun is extreme and tremendous gamefish opportunities abound, Flying Fisherman sunglasses are built for performance and reliability on the water. Today's collection includes 50 styles, from contemporary to timeless classics, kids' options to bifocal readers, they offer uncompromising clarity, comfort and style.

ACUTINT®, POLARIZATION & UV PROTECTION

Glare reflecting from water and other flat surfaces can make it hard to see clearly. Flying Fisherman AcuTint® Lenses feature a polarizing filter that eliminates glare and enhances contrast, for sharper visual clarity, reduced eye strain, and improved ability to spot objects beneath the water's surface – a must for fishing and boating. They block 100% of UVA and UVB rays up to 400 nanometers, and meet rigorous FDA, ANSI, and CE standards for general purpose sunglasses.
